

# The CHP Active and Healthy Program

The CHP Active and Healthy Program can help your employees lead a more active, healthy, and fun life by providing discounts on events, businesses, services, and classes in your area and throughout the greater Northwest area. This very popular and affordable program is designed to get people moving! Our web-driven program’s unique “print and save” model makes it hassle-free and highly accessible for employees to have thousands of options for healthy living and wellness-related fun. The program offers discounted access to a wide variety of activity categories including:

After purchase, employees can search for and access discounts at the CHP Active and Healthy website at **www.chpactiveandhealthy.com**. Discounts are searchable by name, geographical location, category and more. Most discounts can be printed directly from the website using the “print and save” option.

New discounts are added on a regular basis; we encourage participants to check in often to see what’s new!
